

Pupil Immunization Record

FOR SCHOOL USE ONLY

- () Complete; booster required in _____
 () In process; 8 mos. expires _____
 () Medical exemption for _____
 () Conscientious objection for _____
 () Parental/guardian consent _____

Student Name _____

Birthdate _____ Student Number _____

Minnesota law requires children enrolled in school to be immunized against certain diseases or file a legal medical or conscientious exemption (**see backside for exemption information**).

Parent: Enter the MONTH, DAY, and YEAR for all vaccines your child received OR **complete the exemption information on the backside**. DO NOT USE (✓) or (✕). Vaccines/doses in shaded boxes are recommended but not required by law.

School Personnel: Be sure to initial and date any new information that you add to this form after the parent/guardian submits it. Also, record combination vaccines (e.g., DTaP+HepB+IPV, Hib+HepB) in each applicable space.

Type of Vaccine	1st Dose Mo/Day/Yr	2nd Dose Mo/Day/Yr	3rd Dose Mo/Day/Yr	4th Dose Mo/Day/Yr	5th Dose Mo/Day/Yr
Diphtheria, Tetanus, and Pertussis (DTap, DTP)					
Diphtheria and Tetanus (DT) • for 6-year-olds and younger					
Tetanus and Diphtheria (Tdap, Td) • for 7-year-olds and older					
Polio (IPV, OPV)					
Measles, Mumps, and Rubella (MMR) • minimum age: on or after 1st birthday • required for kindergarten and 7th grade					
Hepatitis B (hep B) • required for kindergarten and 7th grade					
Varicella (chickenpox) • minimum age: on or after 1st birthday • vaccine or disease history required for kindergarten and 7th grade					
Haemophilus influenza type b (Hib)					
Meningococcal (MCV, MPSV)					
Human Papillomavirus (HPV)					
Hepatitis A (hep A)					

1. Choose one of the following to indicate student's immunization status and the source of the information above:

A. I certify that this student has received all immunizations required by law.

 Signature of parent/guardian or physician/public clinic

 Date

B. I certify that this student has received at least one dose of vaccine for diphtheria, tetanus, and pertussis (if age-appropriate), polio, hepatitis B (K and 7th), varicella (K and 7th), measles, mumps, and rubella and will complete his/her diphtheria, tetanus, pertussis, hepatitis B, and/or polio vaccine series within the next 8 months. The dates on which the remaining doses are to be given are:

 Signature of physician/public clinic

 Date

-OVER-

2. Parental/Guardian Consent:

Your child's school is asking your permission to share your child's immunization record with Minnesota's immunization registry to help us better protect students from disease. You are not required to sign this consent; it is voluntary. In addition, all the information you provide is legally classified as private data and can only be released to those legally authorized to receive it under Minnesota law.

I agree to allow school personnel to share my student's immunization record with Minnesota's immunization registry:

Signature of parent or legal guardian

Date

3. Exemptions to School Immunization Law

A. Medical exemption:

No student is required to receive an immunization if they have a medical contraindication, history of disease, or laboratory evidence of immunity. For a student to receive a medical exemption, a physician, nurse practitioner, or physician assistant must sign this statement:

I certify the immunization(s) listed below are contraindicated for medical reasons, laboratory evidence of immunity, or that adequate immunity exists due to a history of disease that was laboratory confirmed. (For varicella disease see * below.)

Exempted immunization(s):

Signature of physician/nurse practitioner/physician assistant

Date

*History of varicella disease only. In the case of varicella disease, it was medically diagnosed or adequately described to me by the parent to indicate past varicella infection in _____.
Year

Signature of physician/nurse practitioner/physician assistant

B. Conscientious exemption:

No student is required to have an immunization that is contrary to the conscientiously held beliefs of his/her parent or guardian. However, not following vaccine recommendations may endanger the health or life of the student or others they come in contact with. In a disease outbreak schools may exclude children who are not vaccinated in order to protect them and others. To receive an exemption to vaccination, a parent or legal guardian must complete and sign the following statement and have it notarized:

I certify by notarization that it is contrary to my conscientiously held beliefs for my child to receive the following vaccine(s):

Signature of parent or legal guardian

Date

Subscribed and sworn to before me this _____ day of _____ 20_____

Signature of notary

Additional exemptions:

- **Children less than 7 years of age:** The 5th dose of DTaP/DTP/DT (similarly, the 4th dose of polio vaccine) is not necessary if the 4th DTaP/DTP/DT (3rd dose of polio) was administered after the 4th birthday.
- **Children 7 years of age and older:** A history of 3 doses of DTaP/DTP/DT/Td/Tdap and 3 doses of polio vaccine meets the minimum requirements of the law.
- **Students in grades 7-12:** A Td or Tdap booster at age 11 years or later is not required for students in grades 7-12 whose most recent Td was given after their 7th birthday but before their 11th birthday. Instead, it will be required 10 years after the date of the most recent dose.
- **Students 11-15 years of age:** A 3rd dose of hepatitis B vaccine is not required for students who provide documentation of the alternative 2-dose schedule.
- **Students 10 years or older:** May receive Tdap to fulfill the Td requirement for students in grades 7-12.
- **Students 18 years of age or older:** Do not need polio vaccine.
